

Financial Agreement with Northern Division 2019-2020 Travel Season

Northern Division U.S. Ski & Snowboard requires all U14 and older athletes to have either a valid credit card number or a \$1000 seasonal deposit on file. This will only be used by the Northern Division Manager when payments for Northern Division projects and races are not submitted in a timely fashion. All four forms are required in order to be placed on selection boards for the season.

It is understood for an athlete to continue to receive Northern Division support at regional events their account must hold a zero balance. If full payment is not made by the first day of a project/race series (including travel days), the Northern Division Manager will charge the credit card listed below or use my \$1000.00 deposit that is included with this form.

The Credit Card number will **only** be used by the ND manager when a check has not been received in the Northern Division offices by the first travel day of the project.

Credit Card Information:
